

Purpose:

A culminating and fun activity to wrap up our digital editing unit in Adobe Photoshop.

Task:

You will need to find at least 2 pictures for this assignment. The 1st is a picture of yourself (which can be taken with a digital camera or an existing picture you may have). The other pictures could be anything that you would like to add yourself to. Make sure it is school appropriate. Take a look at the side board for some really good examples. This will be on display in our class for years to come so take your time, have fun and do a good job!

Tools:

Use all of the tools and techniques we have explored.
